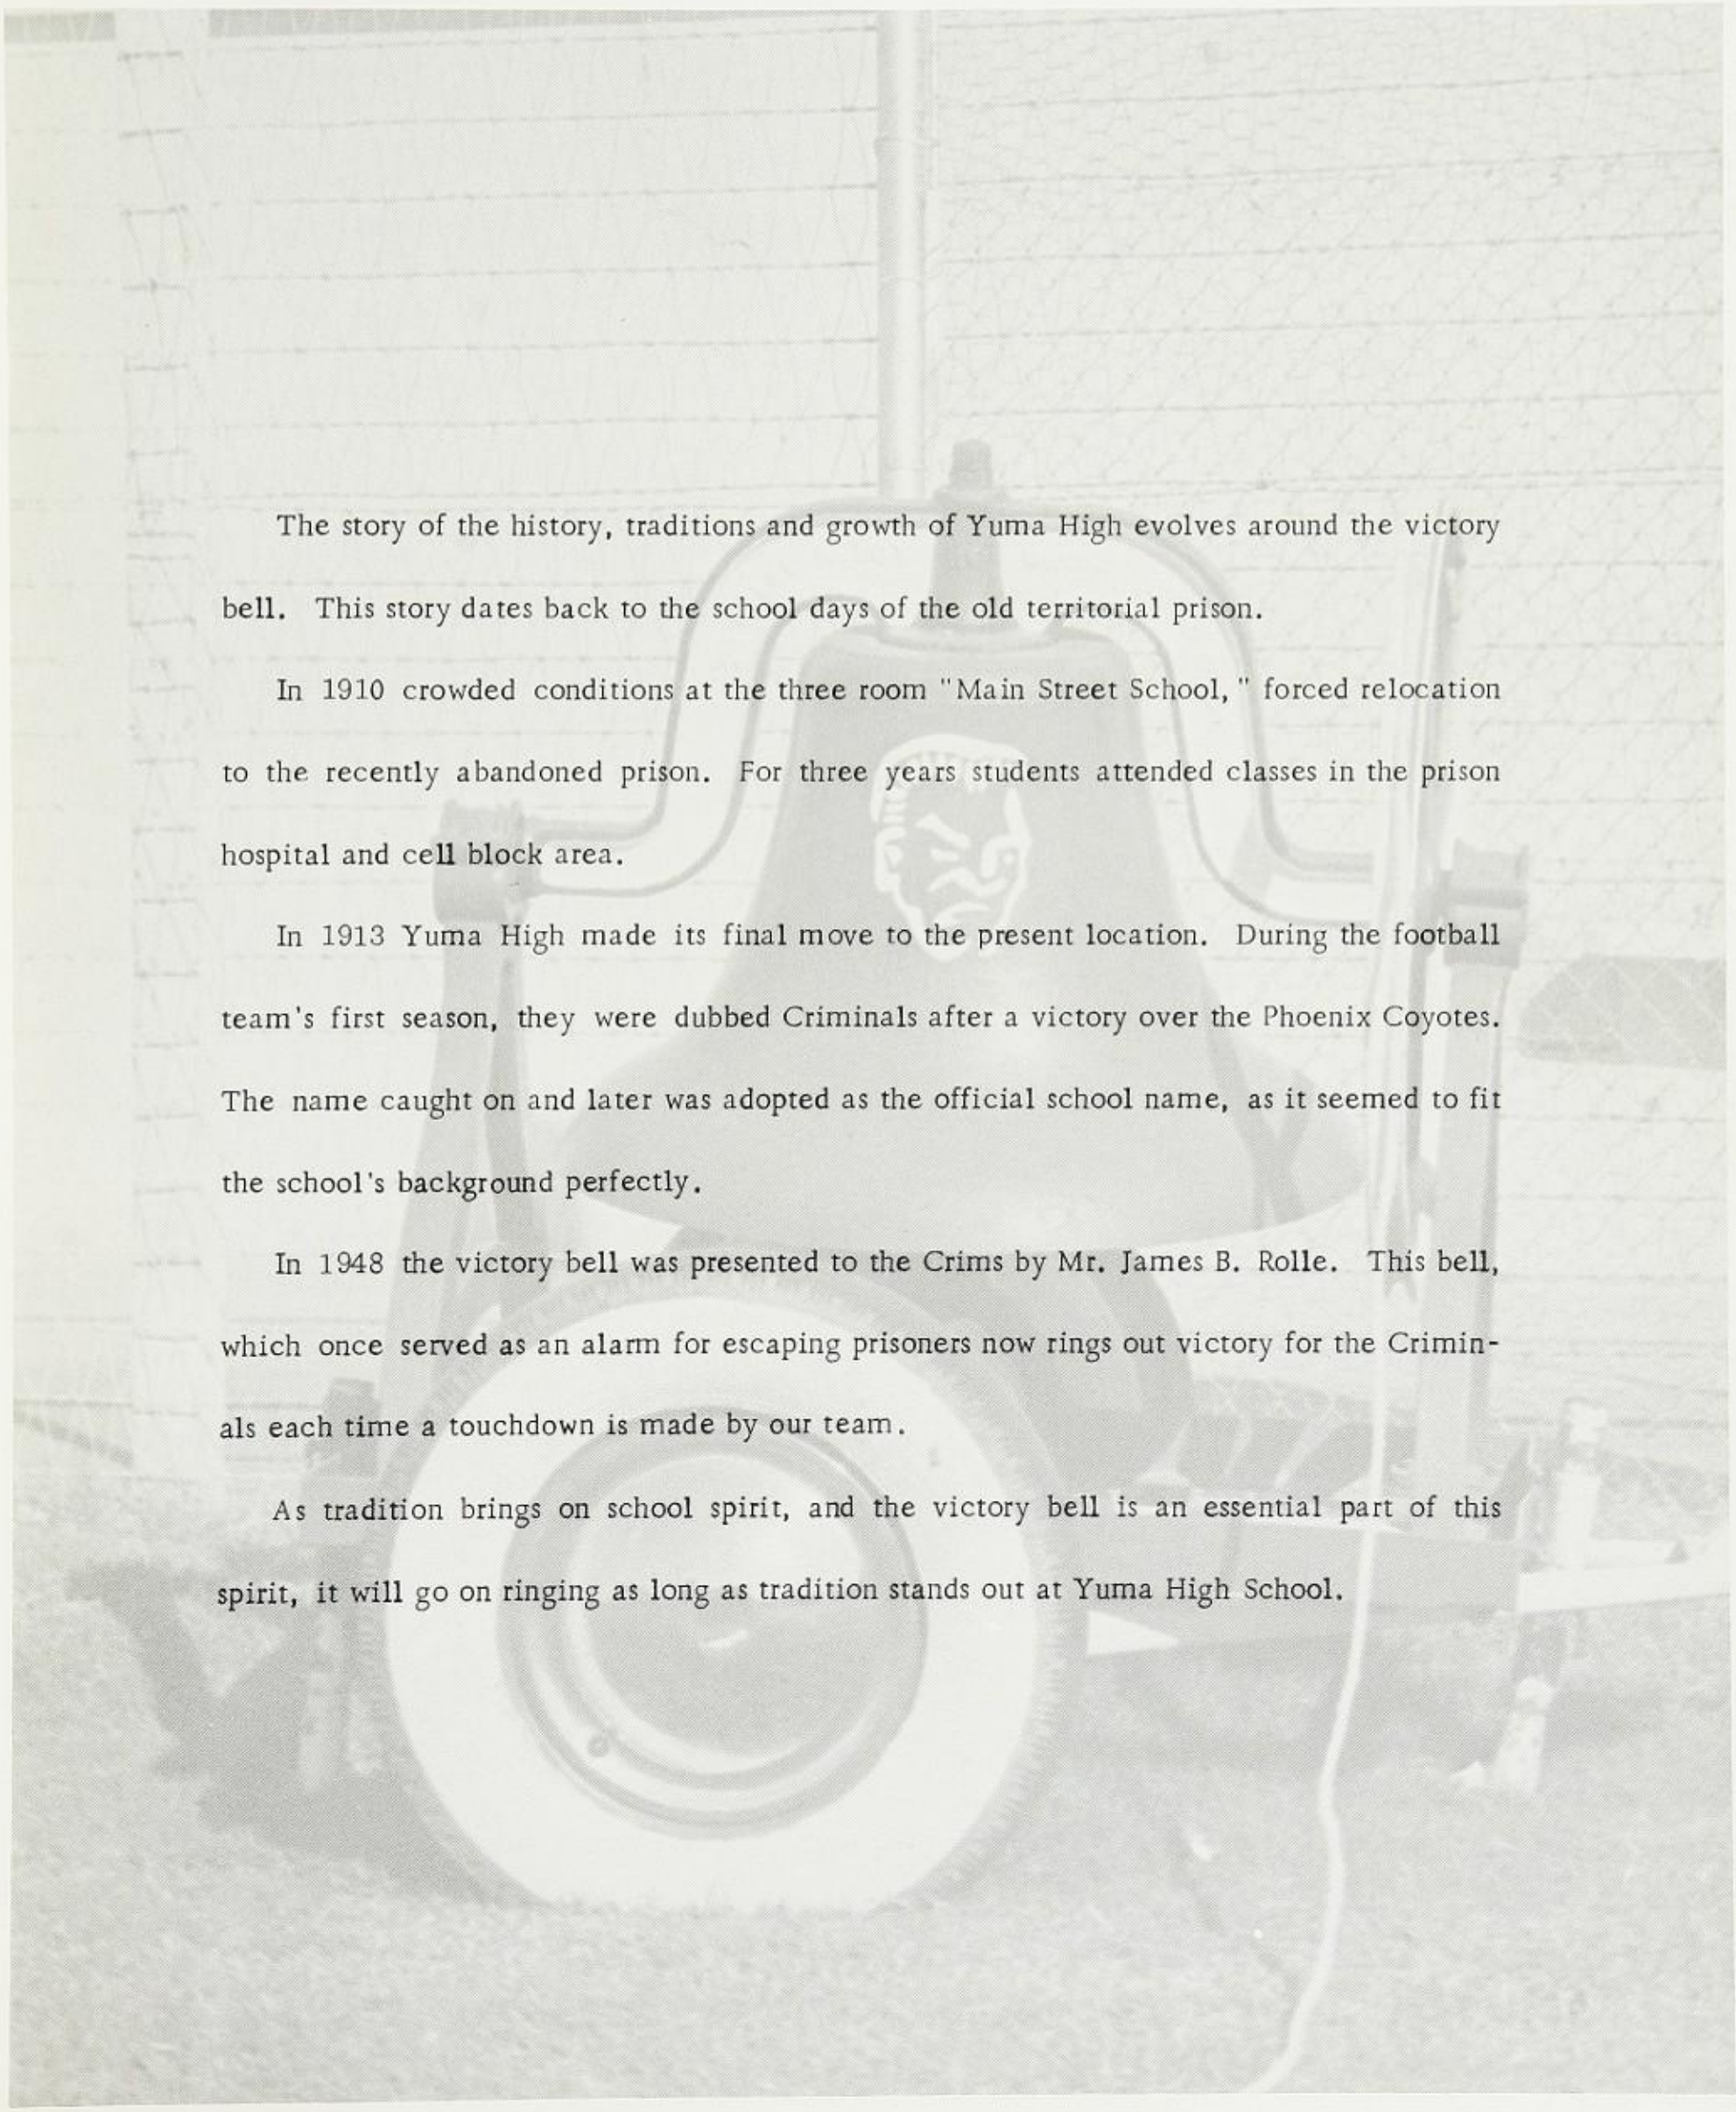
# Traditions Ring in 65



The story of the history, traditions and growth of Yuma High evolves around the victory bell. This story dates back to the school days of the old territorial prison.

In 1910 crowded conditions at the three room "Main Street School," forced relocation to the recently abandoned prison. For three years students attended classes in the prison hospital and cell block area.

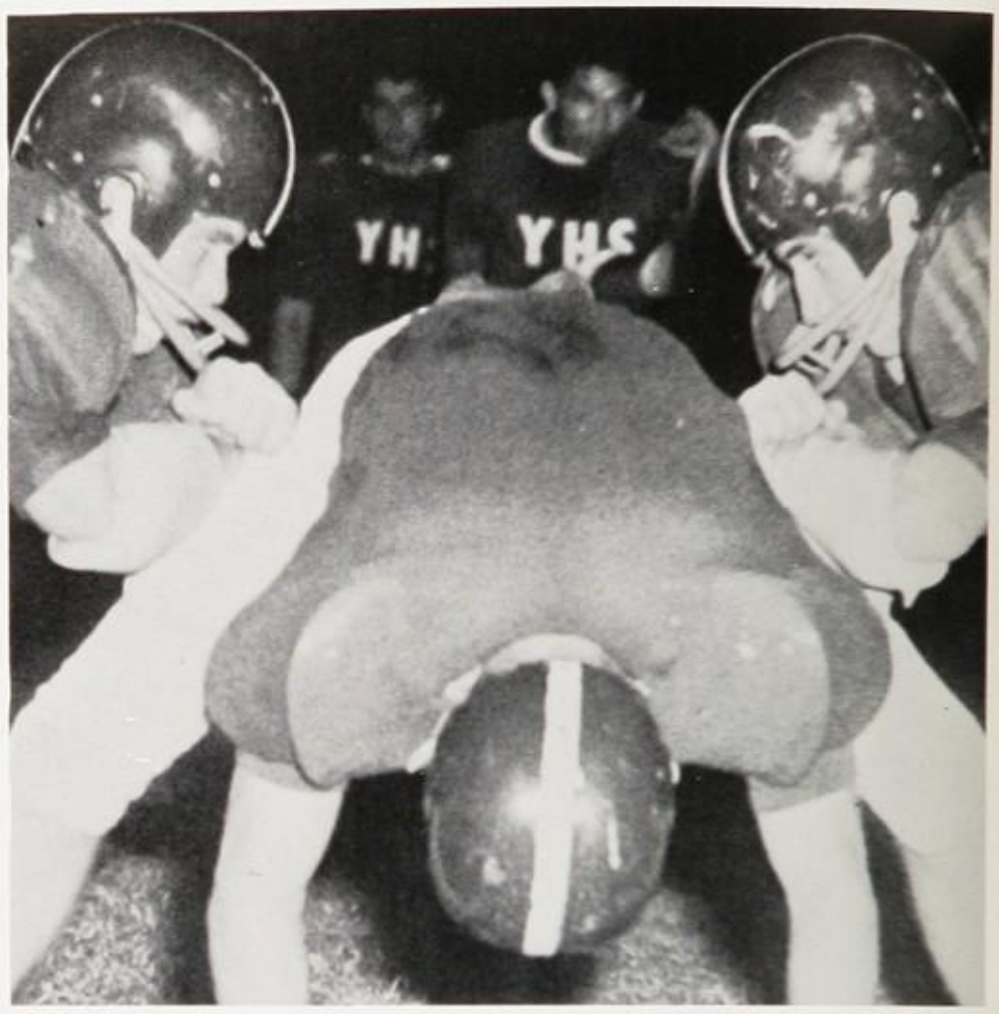
In 1913 Yuma High made its final move to the present location. During the football team's first season, they were dubbed Criminals after a victory over the Phoenix Coyotes. The name caught on and later was adopted as the official school name, as it seemed to fit the school's background perfectly.

In 1948 the victory bell was presented to the Crims by Mr. James B. Rolle. This bell, which once served as an alarm for escaping prisoners now rings out victory for the Criminals each time a touchdown is made by our team.

As tradition brings on school spirit, and the victory bell is an essential part of this spirit, it will go on ringing as long as tradition stands out at Yuma High School.

# New Faces and Old Traditions

Cheryl and Cindy Flavin were a new addition to the junior class this year. The girls moved to Yuma from Phoenix.



The football team practices for their first game with Coronado. They beat the Dons 24-6. The Criminals season record was 5-5.

# L. B. J. Wins Mock Election

Yuma High had an excellent turnout at the mock election held in late October. As usual, the students predicted the winner, President Johnson.

The beginning of a new school year brought out, once again, many of the traditions of Yuma High School. Classes, rallies, and sports activities started the ball rolling for another booming year.

The varsity football team retained the city championship trophy by gaining a 6-0 victory over Kofa.

New interest was taken in the school newspaper, the Thermoneter, from students and teachers alike, in a series of editorials and letters to the editor.

Student Council took special interest in school and club activities and worked on improving the status quo.

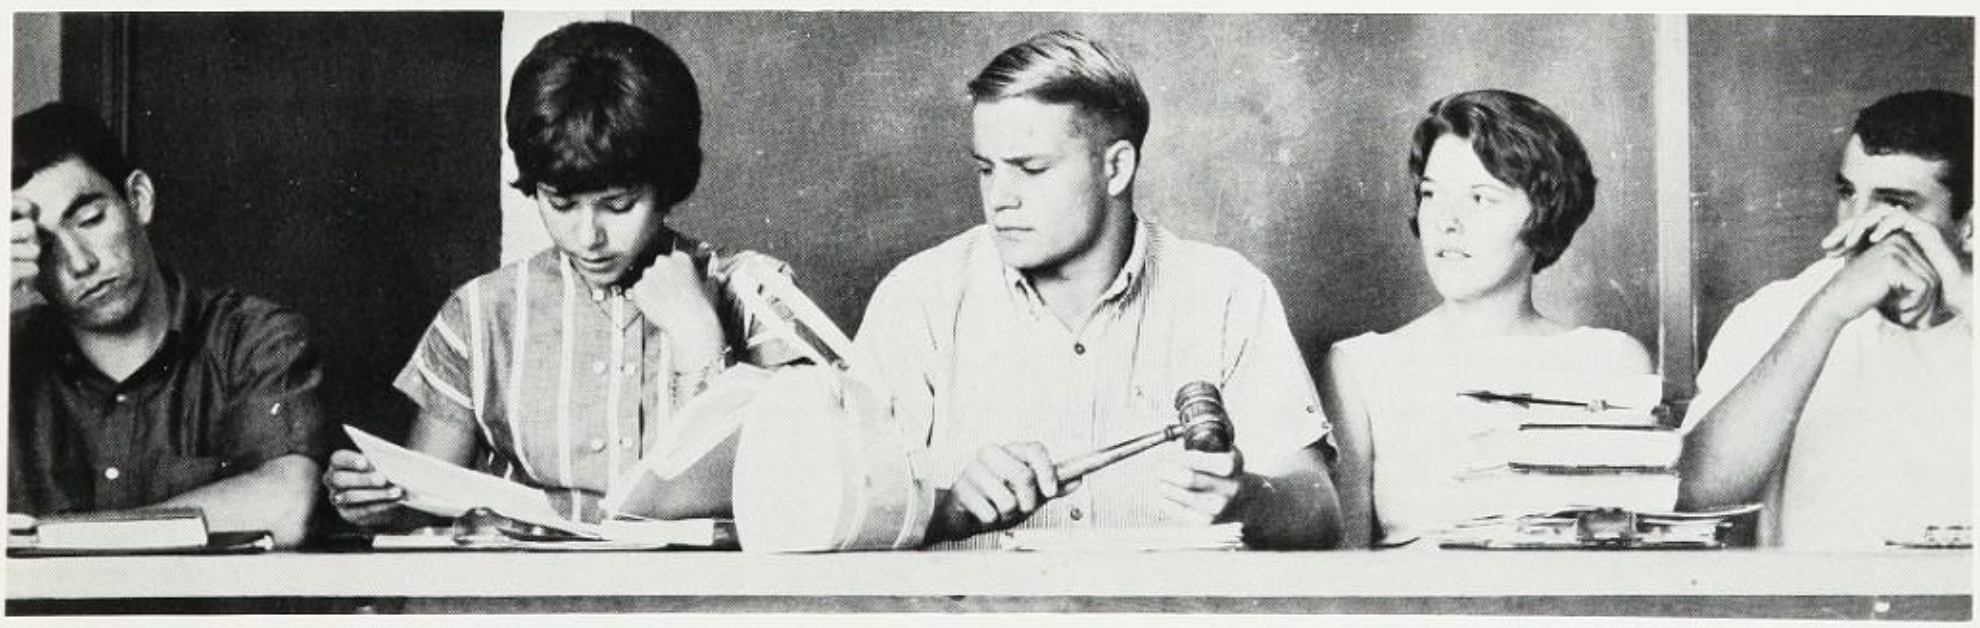
A mock election was held which proved the Criminals choice right again on determining the incoming president. To add interest to the election, Young Democratic and Republican parties were set up.

A new class and several new upperclassmen that came to Yuma High were accepted immediately by the friendly Yuma High Criminals.

# Boost Spirit as School Year Begins

Bobby Jo Irwin leads a chant to help bring the Criminals to victory during one of the first football games.

Pat Dallabetta, right, takes part in a Pep Club initiation skit and later watches the rally from the sidelines.



Student Council works to help organize club activities and budgets. From left to right are: Ray Beltran, Phyllis Neese, Dennis Finfrock, Nancy Battenfield, and Mark Rogers.

# Administration and Faculty

Teachers and Administrators are traditions in themselves. They are the backbone of the school, devoted to helping students both academically and socially.

Teachers work not only in the classroom, but they sponsor dances, and clubs, help plan assemblies, and oversee such day-to-day things as the lunch lines.

The governing body of the school also works closely with the students and the faculty. Bill Manes, principal, and Henry Martinez, vice-principal, are well acquainted with the needs of the school.

Presiding over the school board for the first time this year is superintendent, Willard Canode. The duties of the school board include selecting teachers and balancing the school budgets.

Other staff members are, Clarence Hutchison, business manager, Tom Clarkin, public relations director, and George Biltz, vice-principal.

Also librarians, Lorene Oslen, and Edith Nash, nurse, Freia Kettunen, and bookstore manager, Lois Beeler assist students daily.

Many more people work behind the scenes for Yuma High. They include bus drivers, maintenance men, secretaries, and cafeteria workers.

# Board, Superintendent,

BOARD OF EDUCATION

From left: Robert Consaul, Member; Helene T. Bennett, President; Steve R. Blake, Member; Robert J. Moody, Clerk; Wilson Roach, Member; Theo Beach, Member-elect.

The six members of the Board of Education are elected representatives of the district. They serve without pay and meet the first and third Tuesdays of every month. The President of the Board is Mrs. Helene Bennett.

The board has the power to expel any pupil for misconduct, and exclude any book or publication that they feel show partisanship.

The board also has the right to visit every school in the district and carefully examine its management, conditions, and its needs.

By a majority vote of the board, they can permit a superintendent, principal, or their representative to travel for a school purpose, and by a unanimous vote they will allow a board member to travel for the school.

The board also hires all employees of the schools. After the annual election and qualification of new members, the board may fix the salaries of the teachers, principals, janitors, attendance officers, school physician, nurses, and other employees.

The board also authorizes leaves of absence for administrative or teaching personnel when it deems such leaves of absence to be reasonable and for good cause.

All purchasing of school furniture, apparatus, equipment, library books, and supplies for the use of the schools, must be approved by the board members.

# School Life

Student participation in the many traditional activities at Yuma High constitutes a major part of school life. These activities have survived because of the immense interest taken in them by the student body.

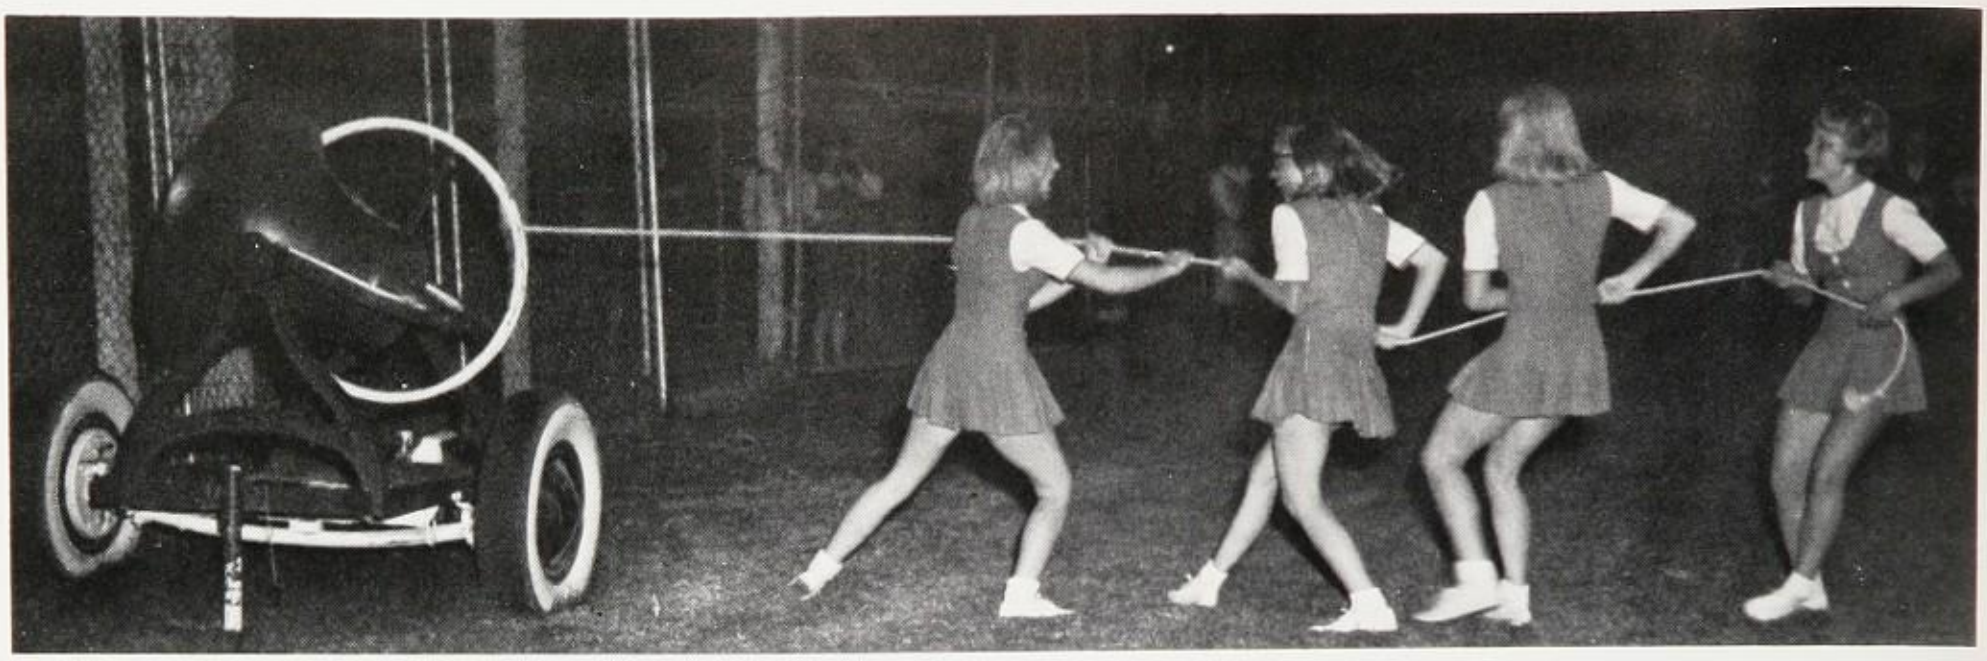
Y-Day is foremost on the list of yearly events. At this time the campus queen and her attendants are chosen. "Twirp and Twitter" season follows next, giving the boys an opportunity to turn their gentlemanly duties over to the girls. For three days, girls carry books, open doors, and perform other such duties for the boys, that the boys perform for them throughout the year.

Barefoot students dressed in rags is the usual attire for Sadie Hawkins Day, and little girls with big bows in their hair can be seen selling suckers on Bow and Sucker Day.

In addition to these activities, there are many small, day-to-day things that make-up school life.

Lockers that won't shut, crowded halls and cafeterias, attending all of the sports events, being late for class and pink slips are all part of school life.

# Fall Brings Forth



The old bell rings out another victory for the Criminals. Cheerleaders, Charlinda Lairmore, JoAnna Power, Bobbie Jo Irwin, and Judy Starek ring it during halftime.

# Achievements

Success and achievement are two things most students want to carry with them when they leave Yuma High.

Many traditional honors are given in the fields of scholastic ability, leadership, and popularity. These well deserved awards are presented by the school, by local organizations, and by the students themselves.

Scholastic achievements include valedictorian, salutatorian, and the top ten listing. The students are often granted scholarships which enable them to further their educations.

Leaders, as student body officers, are elected by the students. They work throughout the year running the school government. These posts demand a great amount of time and responsibility from the officers.

Girls' Staters, Boys' Staters, and the delegates to Anytown are chosen on the basis of their leadership qualities.

Campus Royalty is also given by the students. The Y-Day Queen and her court are chosen according to charm and personality. This is a great honor and is cherished by those girls who receive it.

These students, the student body president, valedictorian, and Y-Day Queen, represent the type of students Yuma High is able to turn out.

# The Scholars Paced All Other Crims

The top ten? They're the ten students with the highest grade averages for their four years of high school.

Each year the counselors of Yuma High School gather each student's accredited grades and average them into one figure. The students are then ranked from number one to the student with the lowest grade average. This year 280 pupils received grade ranks.

A high scholastic average holds many advantages for the ambitious student. Top grades help him get into the college of his choice. Many receive scholarships for their outstanding grades and leadership.

Nancy Wheeler, daughter of Mr. and Mrs. Leven-worth Wheeler ranked number one with a 1.02564 average. Nancy is senior class treasurer, a Girl Stater, D.A.R. winner and U. of A. scholarship award winner.

After graduation she plans to further her education in the field of English or mathematics.

Shirley Pang, daughter of Mr. and Mrs. Ng G. Pang, ranked second with an average of 1.11428. In addition to being salutatorian, she was chosen F.B.L.A. sweetheart. After Shirley graduates, she plans to attend San Francisco State College and major in social work.

Holding the number two rank as salutatorian is Shirley Pang.

# Student Leaders Selected To Represent

Students who received scholarships to the Journalism Workshop in Flagstaff are, from left to right, Nancy Battenfield, Joan Coffer, and Kay Kestner.

Those who attended Boys' State are, from left to right, Raymond Beltran, Jim Conway, Bruce Uhl, Dennis Finfrock, and Victor Burr.

# Yuma High at Summer Workshop

Several students have the opportunity each year to attend one or more of many special summer workshops. In some cases they are sent by various organizations that pay their fee. There are art, journalism, religion, student leadership, and science workshops available.

This year five boys were sent to Boys' State in Flagstaff where they studied government and leadership. Four girls were sent to the Girls' State, much the same as Boys' State in Tucson.

The Jones Osborn and Quill and Scroll scholarships paid the fare for three students who visited the Journalism Workshop in Flagstaff. There they learned about annual technique and photography.

One person attended the National Conference of Christians and Jews which was held in Tempe. It was a one day camp.

Four students were selected to go to Anytown but were unable to because of Student Council difficulties. Those students were Albert Guidero, Jean Ann Oldynski, Eileen Estandia and Pat Tracy.

Toni Slagle represented Yuma High at the N.C.C.J. Workshop in Tempe.

Those who attended Girls' State in Tucson are, from left to right, Phyllis Neese, Nancy Wheeler, Charlotte Hardy, and Nancy Battenfield.

# School Leaders Gain

Students who received scholarships to the University of Arizona are, from left to right, Robert Shultz, Charles Fry, Nancy Lutes, Betty Guenzi, Cindy Thourot, and Jane Smadel. Missing is Nancy Battenfield.

# Ambitious Students Rewarded

Many students have their life goals planned out before they ever reach high school. Others go through the long struggle of deciding which occupation would be best suited to their needs and special achievements. Many work hard and with good luck everything runs smoothly. Others go through a period of hard knocks before ever learning the proper way to go about attaining their goal. Still others fail completely.

A group of students that seems to have done very well are those who were presented with conditional four year scholarships to the University of Arizona in Tucson. These scholarships come along with years of concentrated study and effort on the part of each student, for without outstanding grades they would not have received them.

Who's Who is a nation wide organization which takes in several students from high schools all over the United States. Members of this honorary organization are nominated by the student council and voted on by the teachers. It is typical of the organization that those picked to be in it are usually at the head of their class scholastically and many are student leaders.

# Recognition in Many Ways

Those making Who's Who are, from left to right, Ray Beltran, Shirley Pang, Charlotte Hardy, Jo Ann Jackson, Sandra Sanchez, and Bruce Uhl.

Others in Who's Who are, from left to right, Dennis Fingrock, Jean Ann Oldynski, Robert Schultz, Nancy Wheeler, Jim Conway, and Judy Brubeck.

After the coronation of Y-Day Queen, her majesty was escorted off the field by Denny Cole and Student Body President, Dennis Finfrock.

# Brubeck Crowned Campus Queen for 65

This year the Student Council devised a new method for selecting the annual Campus Queen. Nominations were open for any senior girl by the student body. Five votes qualified a student to run. Seventeen were nominated. Through a series of voting, the selection was narrowed down to the top ten. These included, Carol Abbott, Mary Ann Burgoz, Judy Brubeck, Charlinda Larimore, Nancy Lutes, Phyllis Neese, Kathy Osborn, Sandra Sanchez, Jane Smadel, and Susan Vollendorf.

Another election selected the top five girls. These girls were presented to the student body and the people of Yuma on the night of the coronation at the football game. Each girl wore a white floor length gown and circled the field in a convertible during halftime. The band played special selections for the occasion. After the Queen was announced, she and her court were seated at the side of the field.

Queen Judy and her court were seated on a platform at the side of the football field to watch the second half of the game and await the Homecoming Dance. From left to right are, Sandra Sanchez, Kathy Osborn, Judy Brubeck, Jane Smadel, and Carol Abbott.

# Polls Taken To Sweethearts

Mark Rogers and Mary Ann Burgoz were Snow King and Queen for the Christmas season.

Various polls are taken each year to select kings and queens of different organizations or seasons. Sometimes the organization makes the choice and other times the student body votes.

To complete the Christmas season, Melody Club sponsors a Sleighride Serenade dance. Snow Queen and King are announced there. The two are nominated by the club and voted on at the dance.

After a week of "girl-wait-on-boy", Girls League holds a Twirp and Twitter Dance. Here they announce Twitter King and Twirp Queen. The couple is chosen by a student body penny vote. Students have to purchase a Twirp or Twitter card in order to vote.

Phyllis Neese and Steve Blake were Band Sweetheart and Sparkplug. Sparkplug is the member of the band that has done most to promote spirit in the group.

The Future Farmers of America chose Annette Blair as their sweetheart for the year '65.

# Select Favorite and Fellows

The boys in Future Farmers of America choose an F.F.A. Queen. Several girls are chosen and interviewed by the boys. From this group a sweetheart is chosen.

Another group honoring two students is the Lyre club. The band members select contestants from the band and vote on them for Band Sweetheart and Sparkplug.

From band, Claudia Rice was chosen for All State choir and Gay Achen for All State orchestra. Gay plays the violin in the Yuma High orchestra.

Finally a Future Business Leaders of America Sweetheart is chosen at the F.B.L.A. Sweetheart Ball. The girl must be a senior and a member of the association.

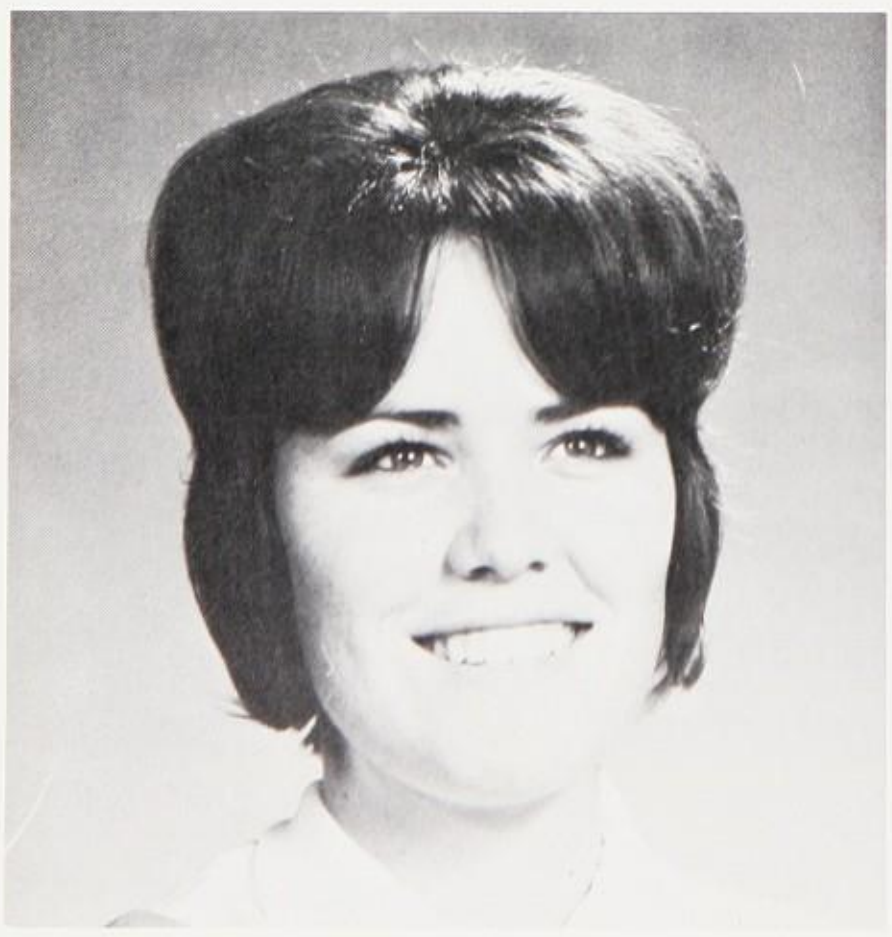
Albert Guidero and Kathy Osborn hold the title of Twitter King and Twirp Queen.

Shirley Pang is the F.B.L.A. sweetheart.

Claudia Rice and Gay Achen were chosen for All State choir and orchestra respectively because of their music ability.

# Outstanding Students

Gerald Giss and Nancy Wheeler received top scores on the National Merit Scholarship Test.



Dorothy Fassett was chosen as D.E.C.A. Sweetheart.

Outstanding work in a certain field can lead to a lifetime occupation that will be satisfying and enjoying to the gifted person. In some cases it can mean nothing.

This year the staff has tried to sufficiently give recognition to students who, in various fields have out paced all others around them.

Gerald Giss and Nancy Wheeler made the highest scores in school on the National Merit Scholarship Test receiving letters of commendation from the M.M.S. Board of Directors. Many students all over the nation receive scholarships for their scholastic achievements on the test.

Each year Distributed Education Clubs of America choose a sweetheart. Dorothy Fassett is this year's sweetheart.

Laura Welter was selected as Outstanding Journalism Student for this year. Laura is active in three publication works, the El Saguaro, the Thermometer and the Young Arizonan.

Outstanding Science Student of the Year was Robert Schultz. Robert has been interested in science and math during his high school years and plans to study technology in college.

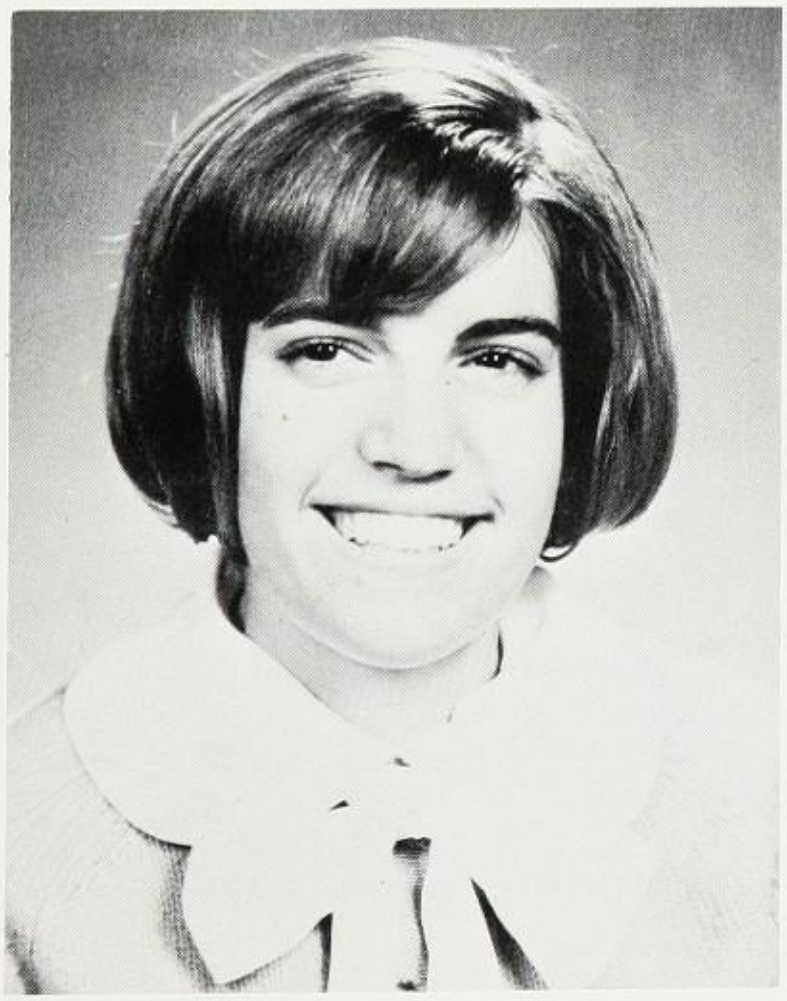
Future Nurse of the Year was Linda Johnson. This honor was picked by the school nurse and Future Nurses Club sponsor, Mrs. Kettunen.

An interest and flair for homemaking helped Charlotte Hardy attain the title of Future Homemaker of the Year. The honor was presented to her after she scored higher than anyone else in Yuma High on the Betty Crocker Test.

# Merit Special Awards

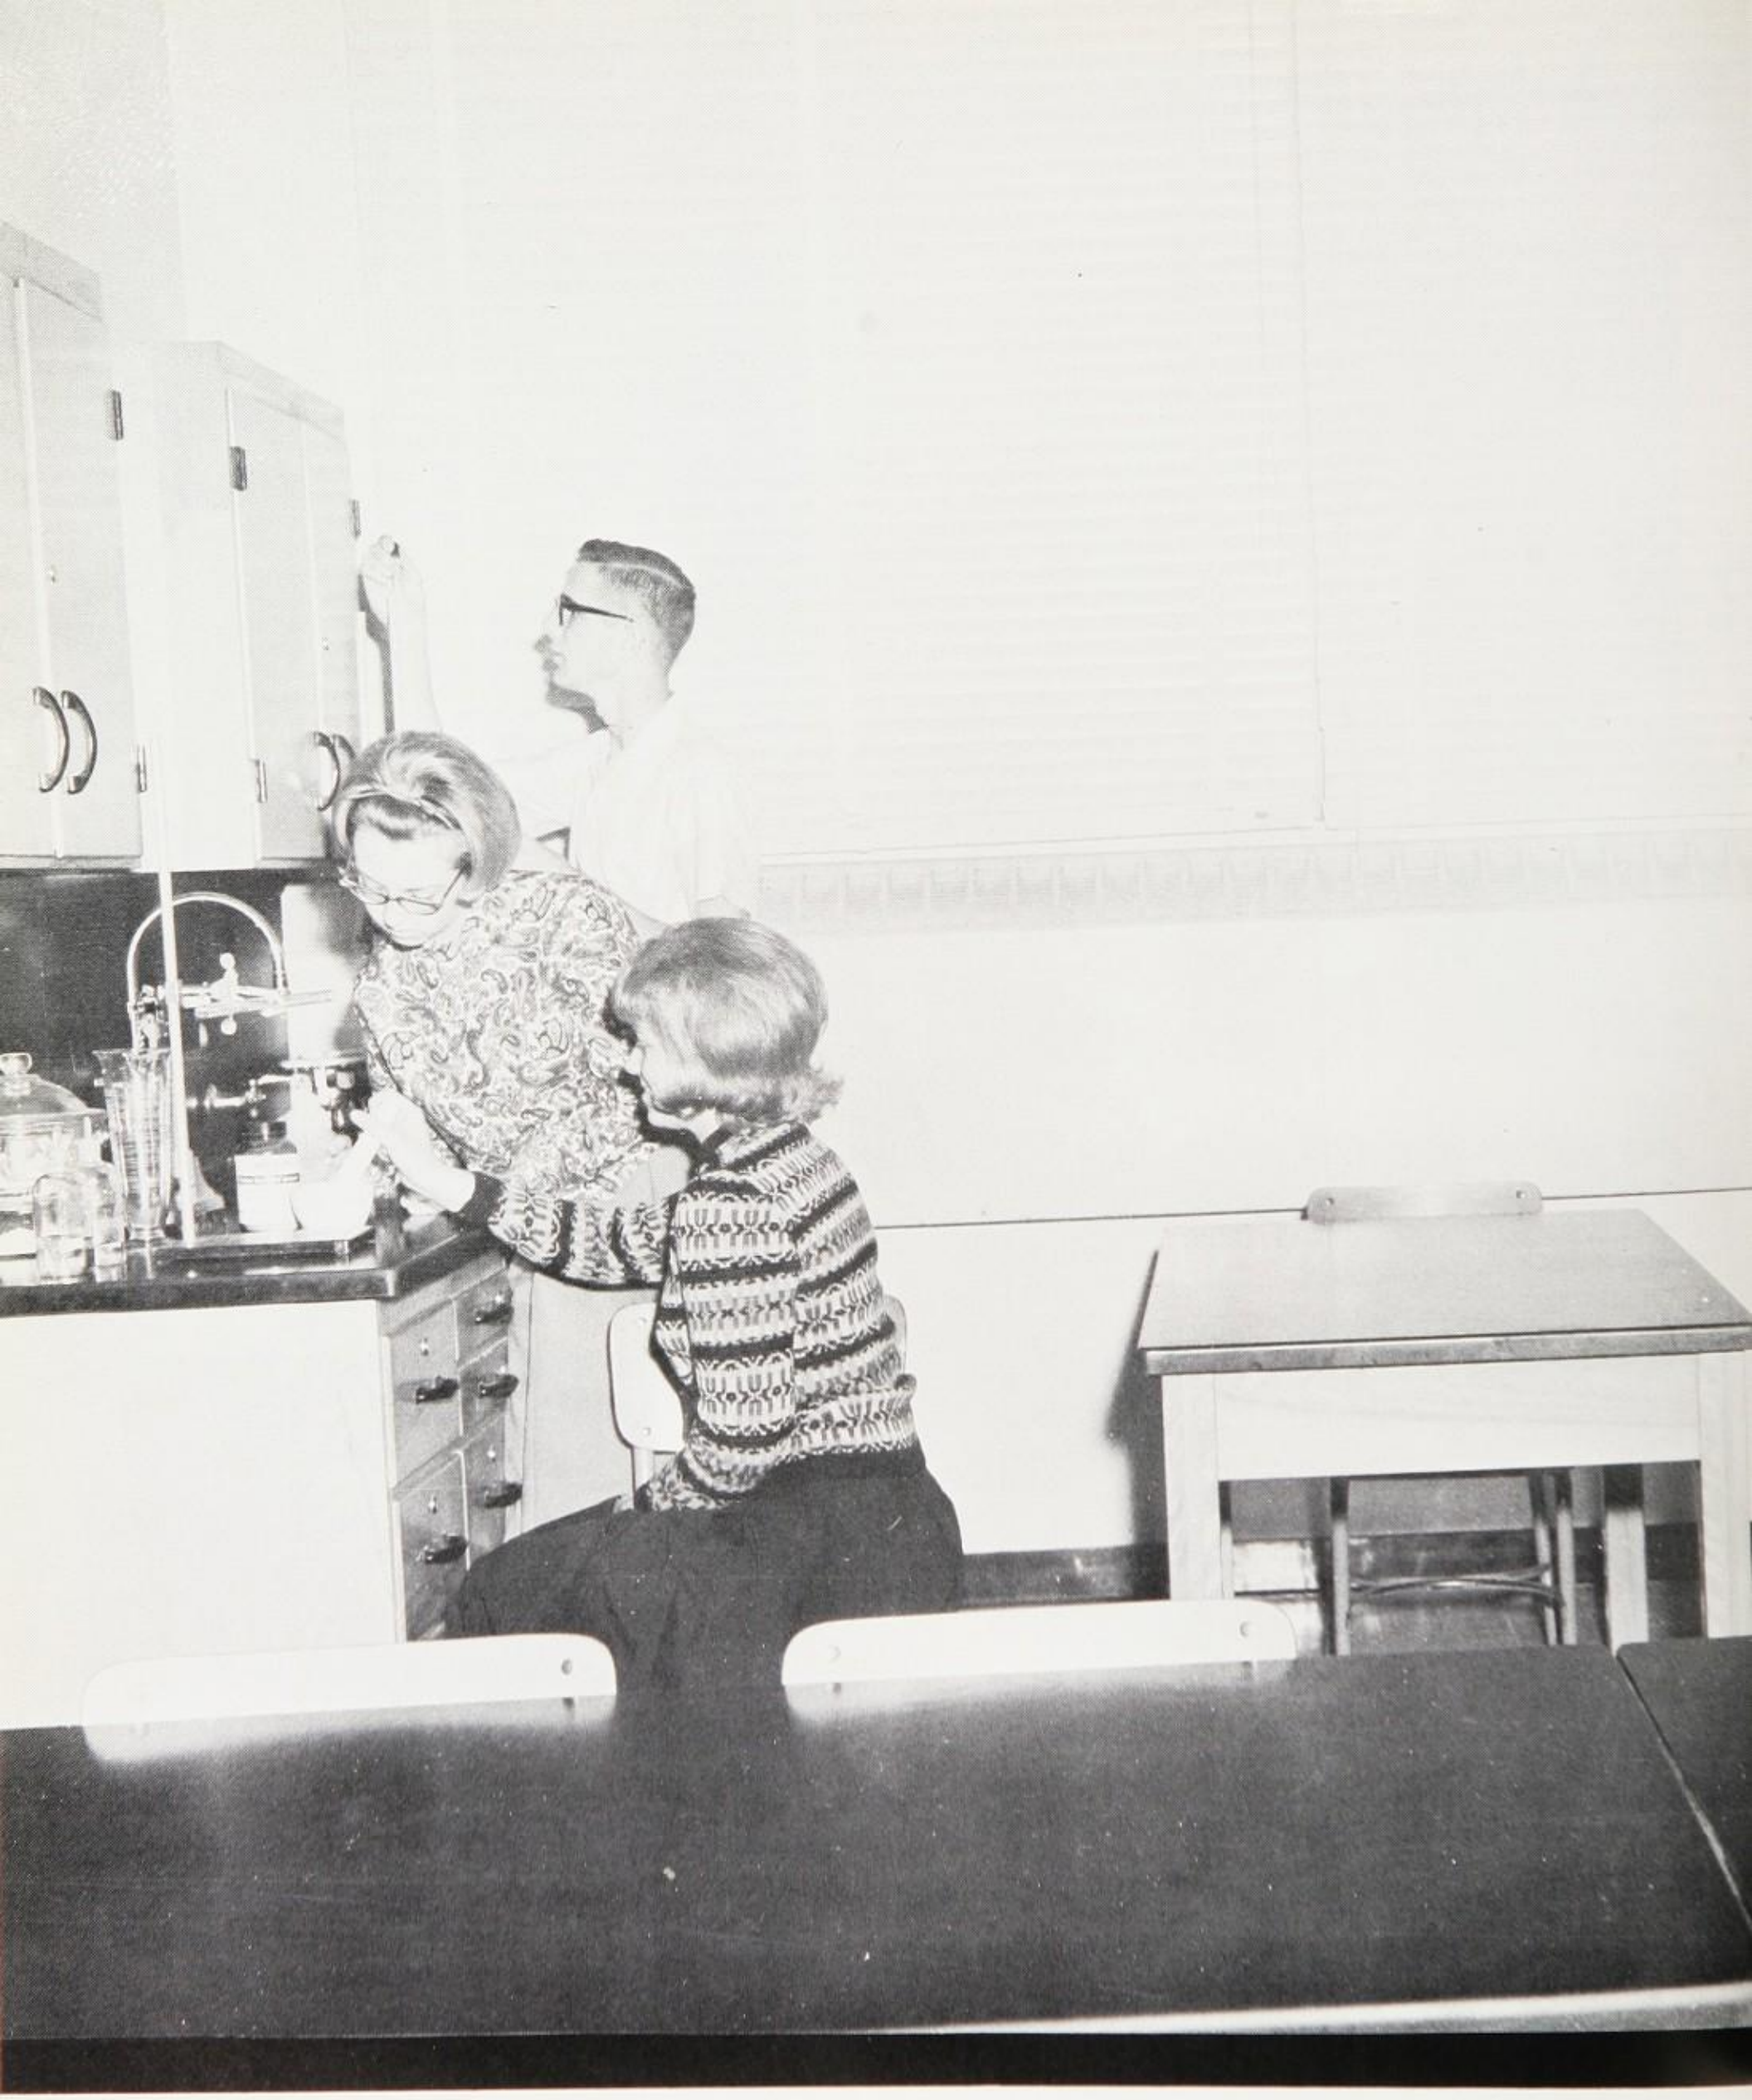
Laura Welter was chosen as Outstanding Journalism Student of the Year. Laura participates in production of the annual, the newspaper, and a weekly column devoted to high school happenings in the Arizona Republic.

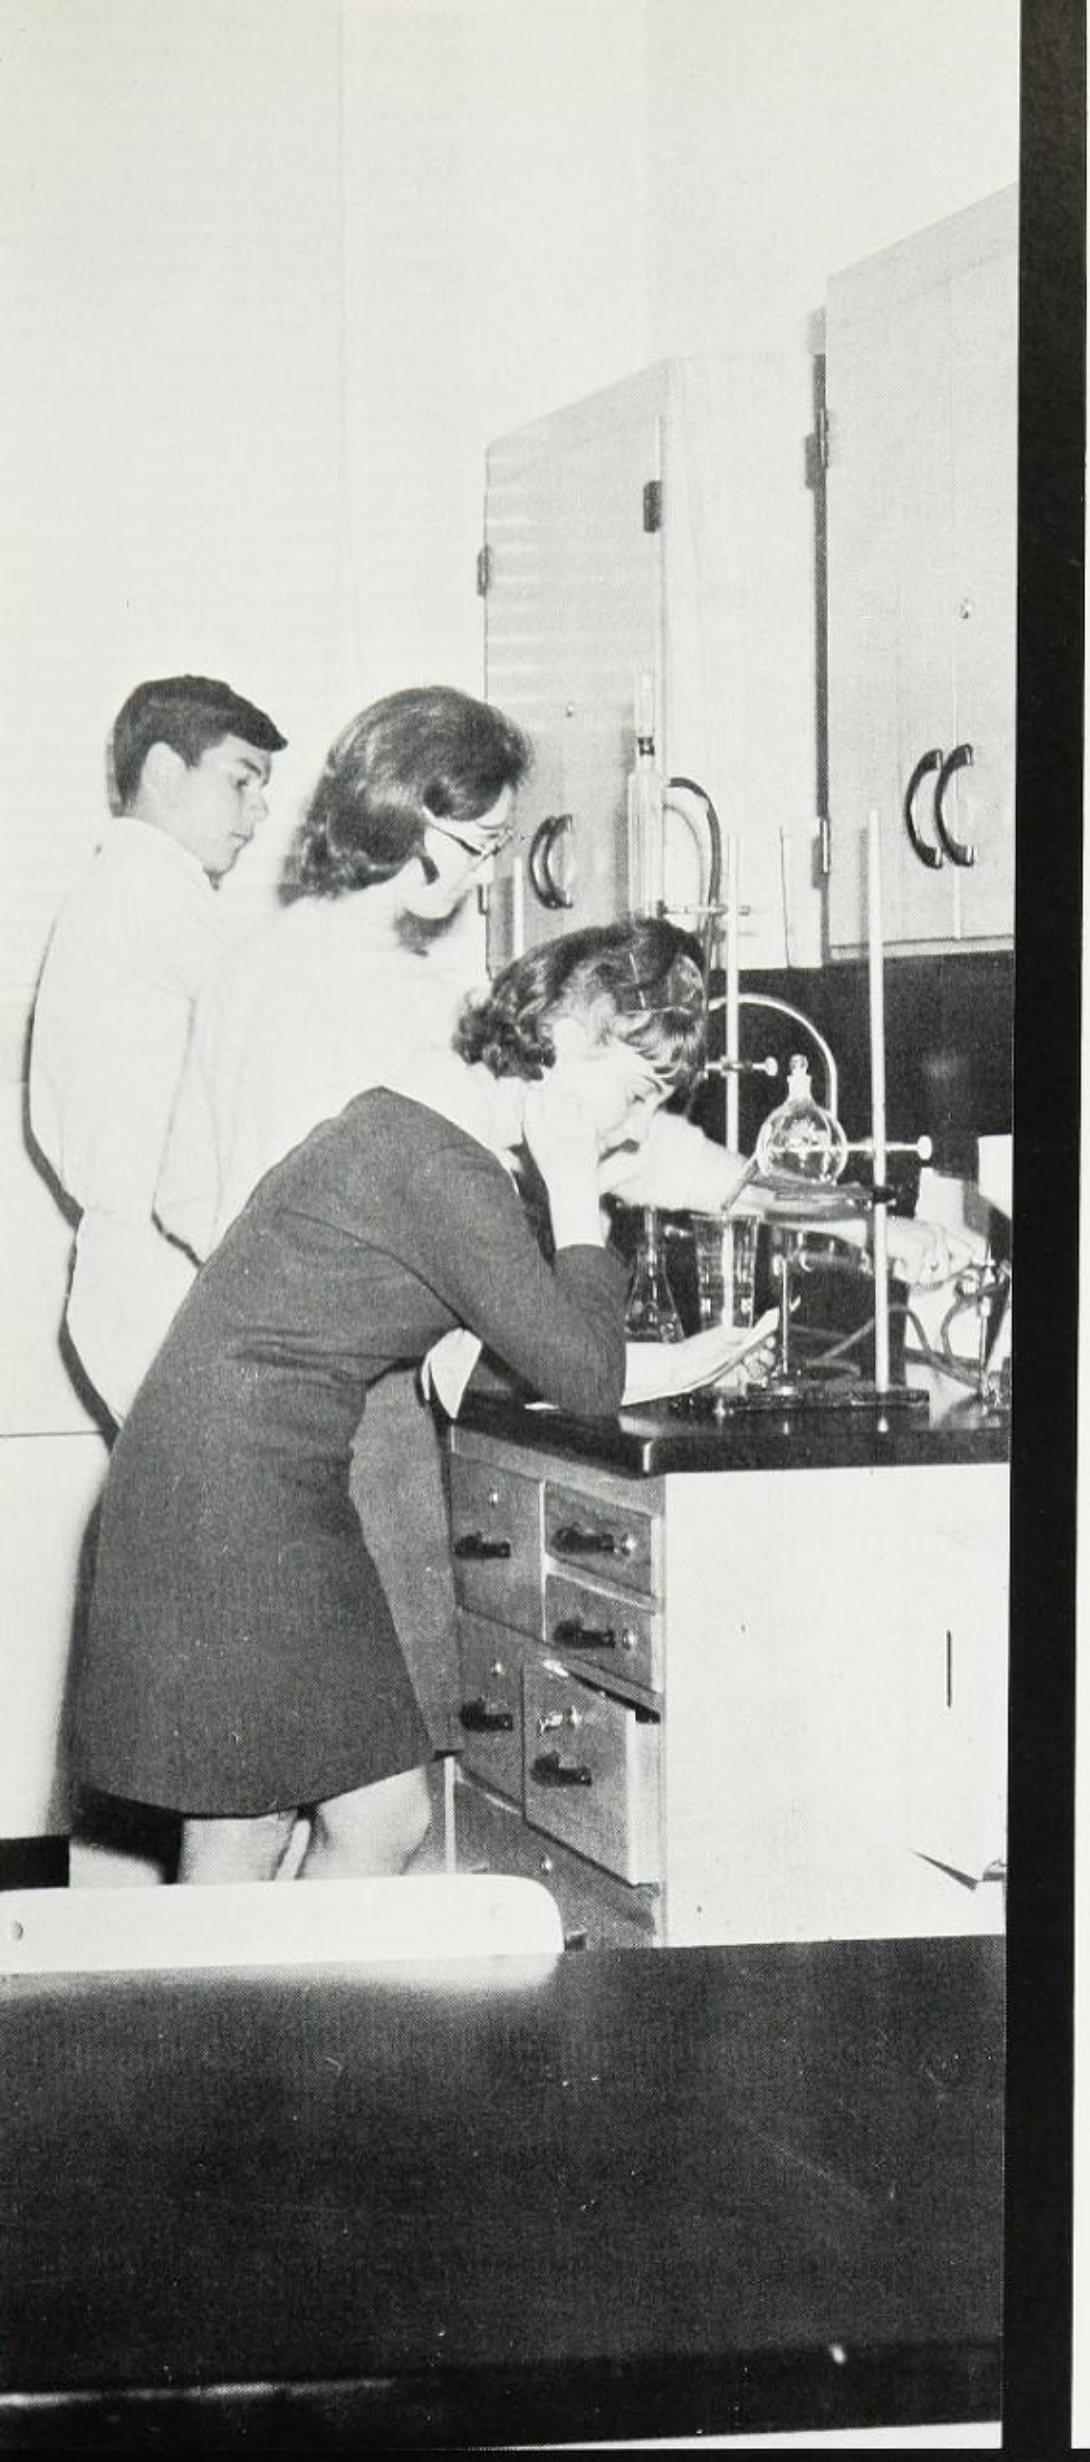
Robert Schultz was selected as Outstanding Science Student of the Year. Robert participates in Science Club and was chosen by the science teachers.



Linda Johnson was picked as Future Nurse of the Year. She is also the President of Future Nurses of America.

Charlotte Hardy was selected as Outstanding Homemaker of the Year. She achieved this honor by making the top score on the Betty Crocker test.





# Classes

"Those were the good old days." This is the way the seniors refer to their days as freshmen. Actually the "good old days" were no better than the good new days, for each class in our school has its own satisfactions and traditions.

The freshmen began their high school career, in a word-nervous. As the year progressed, however, the Frosh lost those jitters and became a necessary part of Yuma High. It is traditional for the freshman class to have the most pep and spirit, there was no exception this year.

After winning Tradition's Week as freshmen, this year's sophomores showed outstanding participation in school activities. The JV cheerleaders, which consisted entirely of sophomores, helped this participation by cheering at all junior varsity sports events.

The junior class was busy this year planning its many activities. One of these was the production of the traditional class play. The proceeds from the play went toward the financing of the junior-senior prom.

Social activities and study plans for the future made up the year for the seniors. They were kept busy applying for scholarships and taking varied college tests. The seniors also produce a class play.

All classes add to the spirit and enthusiasm that have traditionally characterized Yuma High School.

# Athletics

Sports are a traditional part of the activities at Yuma High.

Nine intramural sports are offered. They are all necessary to promote fair play and sportsmanship throughout the school.

School spirit is kept alive by the existence of sports. Cheering on the favorite team or athlete helps them to fight and win for our school.

Football, baseball, and basketball are team sports. Each boy who is a member works for the benefit of the group.

Swimming, tennis, wrestling, gymnastics, track, and cross country are individual sports. These athletes demonstrate their own ability in these events.

Tennis is the only sport open to girls at the present time. In the future it is hoped that more events will be set up for girls.

Students who go out for sports must have scholastic ability in addition to their abilities in athletics. In order to participate in sports a certain grade average is required.

SEASON REVIEW

YHS' football season got off to a good start this year with the Crims taking two out of the first three games. However, as the season progressed the Crims were plagued with an endless number of injuries. Despite this fact, the team was still able to win three of the next seven games. The big game, as always, was the Kofa game. This gave gave the Yuma Crims the City Championship for another year.

At the season's end, the team voted Ron Jesse as the "Most Valuable Player," and George Evitch as the "Most Improved." Dennis Finfrock and Ray Beltran took honors as season Captains.

Track at Yuma High has always been one of the most popular sports. This year was no exception. With two outstanding lettermen, Ron Jesse and Tommy Kelly returning, the team was off to a good start.

Pictured above are both varsity and junior varsity teams. At the time the picture was taken, Coaches Holehan and Needham had not chosen the varsity.

Practicing each afternoon after school, the track teams worked to make the '65 team the best ever.

# Trackmen Show Potential

Phillip Gephart is shown here in spring track practice. Phil is one of Yuma High's best dash men and has great potential.

Since the varsity baseball team must be limited to a certain number of players, the junior varsity team gained many very good men this season. Many of the boys on junior varsity were varsity material. Coach Freeze felt that this team was far superior to past junior varsity teams and would supply the '66 varsity with experienced and expert players.

# Organizations

The clubs and organizations at Yuma High sponsor many traditional campus activities.

Dances, bake sales, carnivals, Bow and Sucker Day, Sadie Hawkins Day, and many more are results of work done by these clubs.

Students have a choice of twenty-eight clubs to join at Yuma High.

There are, for example, service clubs, such as Anchor, Z, and Wardens, and honor societies such as Spanish National Honor Society, National Honor Society, and Quill and Scroll.

Also there are clubs which help students with their careers, such as Future Teachers and Future Nurses.

For students who are workers and not just joiners, clubs proved to be very worthwhile. They help students to learn to work together and to learn responsibility.

All clubs are under the student council. They must plan all activities and make all requests through the council. These must then be approved by the administration.

# Community Coverage

Yuma businessmen have traditionally supported Yuma High in the past years by buying advertisements in the newspaper and the annual.

Cooperation between the school and the merchants make possible a distributive education program. This enables students to attend classes four periods a day and to work for the remainder.

In addition to the businesses there are many tourist attractions in and around Yuma that are connected with the school. The Yuma Territorial Prison and museum are good examples of this.

Future businessmen and women come from Yuma High. Training and help offered by the merchants help these students in their careers.

## Co-Editors

Publishing the 1965 edition of El Saguaro required assistance from many different people and organizations. We would like to take this opportunity to express our appreciation to these people for their help in making this yearbook a superior edition.

Special thanks go to James Hill who took the pictures used in most sections of the book. The Yuma DAILY SUN also helped supply pictures as well as sports information to the El Saguaro staff. In addition to these, Southwest Photo Company helped make it possible to take all the photographs needed by supplying our student photographers with developing materials. The Yuma Camera Club contributed several pictures in the honors section of El Saguaro. We particularly want to thank club members, Howard Smith and Don Lancaster, for these complimentary pictures.

Contributing a major amount to the yearbook were the advertisers. Without their help, we would not have been able to meet financial needs.

Our appreciation also goes to Vance Morse, who designed the cover of El Saguaro, the faithful staff, which worked hard to compile the book, and Mrs. Cooper, who acted as advisor.

We hope you have enjoyed El Saguaro '65 and will continue to support this Y.H.S. tradition.
